financial planning or are pretty savvy but want to cut through the noise with targeted information and advice you'll find everything you need to know about how best to spend, invest and protect your wealth so you can make your senior years worry free, healthy and fun. In plain English, retirement and financial experts Eric Tyson and Bob Carlson cover all the issues from investing, social security and the long term insurance marketplace to taxes and estate planning, including state by state differences. They demystify the muddled world of financial planning and provide strategies that make the course ahead crystal clear. They also dive into less obvious territory showing how it's possible to strategize financially to avoid the worst impact of unexpected events such as the COVID-19 crisis as well as exploring what investment approaches you can take to protect the most important possession of all: your own and your family's health. Minimize your taxes and make wise investing decisions. Find out how the SECURE Act affects retirement accounts and savings, navigate the latest Medicare, Social Security and property tax rules, dig into what's new in estate planning and reverse mortgages, get what you want from your career as you approach retirement, whether doing it for yourself or for parents. It's never too late to begin retirement planning and this highly praised, straightforward book is the best way to take control so you can be confident your senior years are exactly what you want them to be: golden.

Discover the ins and outs of personal finance in a language you can actually understand. With these clear, straightforward definitions and explanations of all things finance, from income and assets to credit, loans and debt to stocks, bonds, money markets and more, the Personal Finance Book you wished you had in school, managing your money is not an easy job and it's made even more complicated by the specific terminology used in personal finance.
